

Application form – Joy of Reading

Please read these instructions in full before filling out the application form. If you require additional guidance when filling out the form, please e-mail your questions to joyofreading@systematic.com

The deadline for applying is March 15th, 2019; all applications and supporting materials must be submitted in english and received by this date to be eligible for consideration.

Steps

1. Download the application form and save the form as “Name of Initiative”.
2. Save pictures and appendix as “Name of Initiative_App1” and “Name of Initiative_App2” etc. PDFs are preferred for appendixes. Please send pictures as either jpeg or png, observing a maximum limit of 7 videos/pictures/appendixes in total.
3. Copy and paste your answers into the appropriate box in the application. Make sure not to exceed number of maximum characters allowed.
4. Save all files.
5. Email the application and the appendixes to joyofreading@systematic.com. The subject line should read, “Name of Initiative”.

Additional guidance

Your case story should describe the initiative and summarize why it should be considered for the award, focusing on how it meets the winning criteria. Entries that exceed the given amount of characters may be disqualified.

For any questions – please contact joyofreading@systematic.com

Note:

All received applications (“Initiatives”), including any and all attached materials, become the sole property of Systematic. All applicants accept, by sending in their application, to assign any and all property right to Systematic A/S. As a consequence Systematic may, in their sole discretion, use the application including materials as they see fit, including but not limited to, marketing purposes etc. Initiatives, including applicants name, may be mentioned on www.systematic.com and possibly described further. The winning Initiative, including applicants name, will be described in details.”

Data and materials will be handled in accordance with Systematic's data policy, which you can find described in detail here:
